

DAILY STAFF MEETING

15 August 1951

25X1

Mr. [redacted] reported that we had our first fair employment case. This was in regard to a Negro who had been turned down on the sixth of June. An investigation is underway and a report will be made to the Fair Employment Board.

Mr. Reber reported on a friend of his who had applied for work with the Agency. His friend stated that he had never been treated with more courtesy, efficiency and speed. Mr. Reber believes that this shows great improvement in the handling of personnel.
